Personal Statement

Your personal statement is an extremely important part of the application because it helps the NHS Faculty Council become acquainted with you. The personal statement also allows you to demonstrate your ability to organize your thoughts and express yourself.

We know that you are an academically successful student, so please tell us more about who you are as a person. Spend some time thinking about why you want to be a part of NHS and what you will add to the group.

Scholarship, Leadership, Character, and Service are our four pillars. Each of these pillars requires commitment to be a successful member.

Prompt: As a potential member how do you demonstrate the four pillars of National Honor Society?

- Reflect on the prompt and answer honestly.
- Be creative.
- Check for grammar and spelling. Ask a relative or friend to proofread for you.
- The statement should be 250-500 words, double-spaced, using MLA-style formatting.
